**Procedure** There are 3 European nations in one group as it has 9 participants.  
4 pots for groups: A B C D and 4 pots for continents: Africa, asia/Oceania, Europe and Panamerica.  
1 pot with 4 yellow balls: A B C D to distribute the continents

We have 18 blue balls and 2 yellow balls.  
First we put San Marino in pot A, Poland in pot B, Italy in pot C and Chile in pot D, all in blue balls.  
Then we distribute Europe as follows: 1 in pot A, 1 in pot B and 1 in pot C.  
Then 2 Europe in pot D in yellow balls. As soon as group A is drawn, the yellow balls are replaced with blue balls.  
Then we distribute Panamerica as follows: 1 in pot A, 1 in pot B and 1 in pot C.  
Now we put the North America ball to the Europe ball.  
Now we draw one of this 2 nations with a yellow ball in a group A B C D. The yellow ball put back. Then we disband the 2nd nation in the same way.  
If the two nations are drawn into the same group, the other groups can be filled with one nation each from Africa and Asia/Oceania.  
If the two nations are not drawn into the same group, a draw must be held to determine which continent (Africa or Asia/Oceania) will be assigned to the 3 Europeans.

Now we draw a bowl from pot A. This nation will be A1, then the 2nd, 3rd, 4th and 5th balls become a2, A3, A4 and A5.  
Same procedure for pot B, C and D.

## World Bocce Championship / Campionato Mondiale Bocce Kemer, Türkiye, 23. - 27.10.2024

Groups	Italy Europe Panamerica Africa	Europe Europe Panamerica Africa	Europe Europe Brazil Africa	Switzerland Europe Panamerica Africa					

**Procedure** There are 3 European nations in one group as it has 9 participants.

4 pots for groups: A B C D.

1 pot with 4 bowls: A B C D to distribute the continents

We have 18 blue balls and 2 yellow balls.

First we put Italy in pot A, Brazil in pot C and Switzerland in pot D, all in blue balls.

Then 2 Europe in pot C in yellow balls. As soon as group A is drawn, the yellow balls are replaced with blue balls.

Then we distribute Europe as follows: 1 in pot A, 2 in pot B and 1 in pot D.

Then we distribute Panamerica as follows: 1 in pot A, 1 in pot B and 1 in pot D.

Then we distribute Africa 1 per pot.

Then we place 4 yellow balls with the letters A B C D in the empty pot formerly know as Africa.

Then take 1 ball of Asia/Oceania and draw a yellow ball and place Asia/Oceania in the pot in question.

To ensure that the two Asia/Oceania nations only meet in the final, only the following pairings are possible:

Pot A with Pot B or Pot C, Pot B with Pot A or Pot D and

Pot C with Pot A or Pot D and Pot D with Pot B or Pot C.

If the draw of the 2nd yellow ball does not result in a valid pairing, a 3rd yellow ball must be drawn. The 2nd yellow ball goes back into the pot.

Now we put the North America ball to the Europe ball.

Now we draw the remaining blue balls with the yellow ball.

This gives the last places.

Now we draw a bowl from pot A. This nation will be A1, then the

2nd, 3rd, 4th and 5th balls become A2, A3, A4 and A5.

Same procedure for pot B, C and D.
